A message from the Chairperson

Uncle Tony Scholes

Our strongest feature is transparency, which supports our high standard of business practise. Every year we have a Board governance conference, which provides further training and initiatives to help the Board perform in their roles as Directors, and we continue to get high ratings for our risk prevention. Together, they reinforce our reputation as a sound and reliable business practice that looks after our Members' assets in an exemplary manner.

Another notable aspect is the Board's inclusivity, which opens opportunities for all Directors to contribute to the Council's direction and the Business Plan – both key priorities – and has led to significant achievements. The Western Sydney Infrastructure Grant Program projects are progressing through development and planning phases, with 103 Moore Street set to become our Cultural Hub and a hub for business and services for the Land Council. Additionally, we expanded our Health Services with the opening of the Gandangara Community Healing Centre, aimed at helping individuals overcome personal challenges and achieve positive life outcomes. We are also exploring the creation of Aboriginal Veterans and Youth Centres. Furthermore, we have secured strong stakeholder agreements with Local Councils and the Airport, strengthening our partnerships with essential organisations to realise our ambitions for Members.

A message from the CEO

Dr Melissa Williams

Our enduring success is that we have kept our doors open. It is challenging for a not-for-profit organisation to provide practical services to our community. This requires a lot of personal commitment and service time, and we should never take the people who offer their kindness for granted. Because, for any of this to work, it takes genuine, supportive partnerships with our community and our Membership. Some people have unrealistic expectations of what is possible, so to make things work, we need your help for us to work. This calendar illustrates the number of partnerships that are currently in place and at work for all of us. That is why we keep showing up and have been doing so for over forty years; we continue to stand up for everyone.

Our Caring for Country initiative is a prime example of our dedication to working for the benefit of our people and our community. We spend most of our time trying to do good for others, and we will always strive to do more. With your support, we can achieve even more. Please join us to share the load and successes. Come in and work alongside us to get some insight and take up the good fight into the future for those who come after us.
